

FOOT CREAM

FÓTA KREM

Aloe vera – willow bark – rosemary

100 ml | 3,4 fl.oz

GROUP
BALMS & SALVES BS | 81100

PRODUCT

Feel the soothing repair of cracked, rough or dry skin as this foot cream can help repair and protect your feet. Moisturizing and softening, ideal for daily care. Enriched with aloe vera, rosemary and white willow bark which acts as antifungal, antiviral, and anti-inflammatory and seeks to combat heavy-feeling legs.

BEAUTY BENEFITS

This Foot Cream helps keep the feet hydrated, preventing dry skin and heels. Regular foot cream treatment helps to prevent cuts and sores. Using the Foot Cream will leave the skin feeling silky smooth and soft.

APPLICATION

Massage this foot cream evenly all over the foot in circular massage movements, preferably for several minutes. Allow the cream to dry before putting on socks and shoes.

BOTANICAL ACTIVES

Sweet almond oil (*Prunus amygdalus dulcis*):

Sweet almond oil has emollient, softening and moisturizing properties. Sweet almonds are known to have a demulcent effect. Topical application acts favoring tonicity and elasticity of the skin.

White willow bark extract (*Salix Alba Bark Extract*):

This natural plant extract is rich in salicin, an anti-inflammatory and anti-aging compound responsible for encouraging what scientists call "youth gene clusters," or the genes responsible for keeping our skin looking and feeling young.

Aloe vera (*Aloe barbadensis*):

Aloe Vera is one of the most complete cosmetics actives. With the action of natural nutrients, minerals, vitamins, amino acids and enzymes it stimulates cell regeneration to repair damaged tissues. It is an excellent enhancer in protective preparations. It has revitalizing properties, moisturizing, soothing and refreshing actions.

Calendula (*Calendula officinalis flower extract*):

Calendula is a powerful agent used to treat scars and stretchmarks. It stimulates the body's natural healing action, regenerates damaged skin and allow the body to produce more collagen (vital to skin recovery). It also works as a nourishing moisturizer and has anti-inflammatory, soothing and protective properties.

Rosemary (*Rosmarinus officinalis flower extract*):

Rosemary extract provides significant anti-inflammatory and antibacterial properties thanks to its high concentration of rosmarinic acid, which is used to treat sensitive and irritated skin. On the other hand, its carnosic acid and carnosol content act as antimicrobial agents, protecting against bacteria. In general, this extract has remarkable antiseptic and astringent properties.

Olive oil (*Olea europaea Fruit Oil*):

One of the most well known Mediterranean oils, olive oil is known for its culinary benefits as well as for its use in skincare. This reparative oil contains high concentration of natural fatty acids that work to combat skin dryness. It is also very rich in vitamins E and K.

Soybean oil (*Glycine Soja Oil*):

It is obtained directly from the seeds of soybeans and very rich in vitamins A, B6, B12 and K, calcium, magnesium and potassium. It is high in antioxidants and has moisturizing and firming properties. It also works to stimulate cell regeneration and works as a surfactant. It easily penetrates deep into skin to stimulate the synthesis of collagen, elastin and other proteins that help keep skin firm.

Shea butter (*Butyrospermum parkii*):

Shea butter has moisturizing, emollient and skin protectant properties. It is a powerful moisturizing and very nutritious agent. Thanks to the high concentration of unsaturated fatty acids, it's a natural cell regenerator with great soothing and re-structuring properties to the skin providing greater firmness and softness.

Candelilla wax (*Cera candelilla*):

Candelilla wax comes from the plant *Euphorbia Cerifera*, also known as candelilla plant. This wax has protective and moisturizing properties and is well absorbed into the skin. It is used as a vegan alternative to beeswax as it shared the same protective properties.

Burdock Extract (*Arctium majus*):

Water soluble extract with purifying properties, regulates sebum production, is rich in antioxidants which helps reducing the signs of aging of the skin.

INGREDIENTS

Aloe barbadensis Leaf Juice**, Glycerin**, Maltodextrin, Cetyl Alcohol, Glyceryl Stearate SE, Aqua, Butyrospermum Parkii Butter**, Candelilla Cera, Potassium Cetyl Phosphate, Glycine Soja Oil, Olea europaea Fruit Oil**, Prunus amygdalus Dulcis Oil**, Salix Alba Bark Extract, Calendula officinalis Flower Extract**, Arctium majus Root Extract, Palmitic Acid, Stearic Acid, Glyceryl Caprylate, Tocopherol, Glyceryl Undecylenate, Lavandula angustifolia Oil, Rosmarinus Officinalis Leaf Oil, Phytic Acid, Citric Acid, Benzyl Alcohol, Potassium Sorbate, Sodium Benzoate, Linalool*, Limonene*, Geraniol*
