## CLEANSING OIL

HREINSUN OLÍU

grape seed – jojoba – sunflower seed

100 ml | 3,4 fl.oz

GROUP

FACE F | 03100

### PRODUCT

This first step oil cleanser melts away makeup and dissolves impurities, leaving your skin clean, soft and radiant. This botanical formulation features antioxidant-rich sunflower and grape seed oil and vitamin E to hydrate, soften and protect against free radical damage, and jojoba- and sweet almond oil to invigorate and refresh the skin. This beautiful cleansing oil is deeply purifying without disrupting skin's delicate microflora.

### BEAUTY BENEFITS

This oil-based cleanser binds with dirt and effortlessly breaks down sunscreen, sebum and stubborn makeup, like waterproof mascara and eyeliner, without clogging your pores. The water-soluble formula rinses away with zero oily residue. It's silky feel and delicate, natural rose geranium aroma make washing your face feel like a luxurious spa experience.

### APPLICATION

Apply with dry hands on your dry face. Massage into face and neck. Wet fingertips with warm water and continue to massage the oil into your face and eyelashes. Rinse clean or wipe away with a warm wet cloth and follow with facial Cleansing Milk (Hreinsun Mjólk)

Likami products work great individually and will play well with others. However, we do believe that used daily, the high quality 4-step program will consistently yield the best results.

Step 1 of the high quality 4-step program = DOUBLE CLEANSE with combo CLEANSING OIL + CLEANSING MILK

### BOTANICAL ACTIVES

**Sunflower seed oil (Heliantus annuus):** Particularly beneficial for dry, dehydrated, or environmentally compromised skin because its linoleic acid content helps skin synthesize its own lipids (fats), including ceramides, visibly repairing its barrier and leading to smoother, healthier-looking skin. Sunflower seed oil also has a natural calming effect on skin, so can be helpful for reducing signs of skin stress or irritation. In fact, research on people with atopic dermatitis has shown that topical sunflower oil is a viable ingredient to alternate with topical steroids normally prescribed to control symptoms of this skin disorder.

**Grape seed oil (Vitis vinifera):** Used to combat the signs of skin aging by sequestering action of free radicals and the antioxidant action that provides an abundance of polyphenols. The large amount of essential fatty acids gives the skin flexibility and a more youthful appearance.

**Sweet almond oil (Prunus amygdalus dulcis):**

Sweet almond oil has emollient, softening and moisturizing properties. Sweet almonds are known to have a demulcent effect. Topical application acts favoring tonicity and elasticity of the skin.

**Vitamin E (Tocopherol):** Vitamin E has many properties, but it stand out as being known as the vitamin of youth and beauty. It is an antioxidant that protect cells from all external aggression such as pollution, pesticides and stress, the main cause of premature aging. Vitamin E also contributes significantly to the production of energy.

**Jojoba oil (Simmondsia Chinensis):** Apart from its excellent emollient action that provides deep hydration and softness, it has a special feature that makes it essential for deep hydration of the corneum stratum because it creates a protective lipid layer non-fat, which provides a similar effectiveness to the mineral oil.

### INGREDIENTS

Helianthus Annuus Seed Oil\*\*, Prunus amygdalus Dulcis Oil\*\*, Caprylic/capric Triglyceride, Simmondsia chinensis Seed Oil\*\*, Vitis Vinifera Seed Oil\*\*, Tocopheryl Acetate, Tocopherol, Pelargonium graveolens Flower Oil\*, Citronello\*, Geraniol\*, Linalool\*, Citral\*, Limonene\*
