

SELF TAN ELIXIR

SJÁLFBRÚNT ELIXIR

hyaluronic acid – vit.E – licorice root

50 ml | 1,7 fl.oz

GROUP
FACE F | 14150

PRODUCT

Customize your perfect tan by adding the Self Tan Elixir into your existing skincare regime. Transform your favorite moisturizer, serum, or oil into a self-tanner with anti-ageing benefits. Enriched with skin boosting coconut oil, vitamin E and aloe vera, every droplet of this miracle formula bronzes, boosts and hydrates skin's texture. For additional anti-ageing benefits, it's super-charged with hyaluronic acid, licorice root and vitamin C to keep skin plump and supple while enhancing elasticity.

BEAUTY BENEFITS

For use morning or night – our face tan works with the highest quality, naturally derived tanning actives (DHA) to give a natural looking glow that complements your own skin tone. This customizable tanning acts like semi-permanent makeup, minimizes imperfections and evens skin tone and leaves skin hydrated and luminous.

APPLICATION

Cleanse face thoroughly before application. Mix 1-4 drops with your usual moisturizer, serum or face oil in the palm of your hand. More drops will add depth of color. Thoroughly wash hands after use. Gently exfoliate skin regularly to maintain an even, luminous glow.

- 2 drops = radiant
- 4 drops = sun-kissed
- 8 drops = golden
- 12 drops = bronzed

BOTANICAL ACTIVES

Aloe vera (Aloe barbadensis):

Aloe Vera is one of the most complete cosmetics actives. With the action of natural nutrients, minerals, vitamins, amino acids and enzymes it stimulates cell regeneration to repair damaged tissues. It is an excellent enhancer in protective preparations. It has revitalizing properties, moisturizing, soothing and refreshing actions.

Vitamin E (Tocopherol): Vitamin E has many properties, but it stand out as being known as the vitamin of youth and beauty. It is an antioxidant that protect cells from all external aggression such as pollution, pesticides and stress, the main cause of premature aging. Vitamin E also contributes significantly to the production of energy.

Hyaluronic acid: One of the main properties of hyaluronic acid, is its great ability to attract and retain water. Topical application allows rehydrate in depth the epidermis of the treated area; therefore, its appearance is smoother and, also, by increasing its thickness and volume, reduce skin furrows.

Licorice root extract (Glycyrrhiza Glabra Root Extract): The extract has been shown to decrease melanin content when applied to the skin and so reduce skin pigmentation. Licorice root extract acts as an anti-inflammatory to reduce itchy and inflamed skin. Offers anti-bacterial benefits for the skin.

Avocado oil (Persea gratissima oil): The beta carotene, protein, lecithin, fatty acids, and vitamins A, D, and E found in avocado oil help moisturize and protect your skin from damaging UV rays and also increase collagen metabolism.

Extract of yarrow (Achillea millefolium):

A plant with astringent and sebum regulating properties, which helps to oily skin to control the production of sebum, the skin deep cleaning.

Burdock Extract (Arctium majus):

Water soluble extract with purifying properties, regulates sebum production, is rich in antioxidants which helps reducing the signs of aging of the skin.

Extract Sage (Salvia officinalis):

Sage extract regulates the amount of fat produced by the sebaceous glands of the skin, leaving it clean after application.

Coconut (Cocos nucifera):

It has antiseptic properties. It gives the skin tonicity, protection, softness and youth thanks to its re-structuring action. It also softens the skin layers leaving skin clean and beautiful.

Glycerin: Glycerin is a skin-replenishing and skin-restoring ingredient, meaning it is a substance found naturally in skin, helping to establish normal balance and hydration. It's one of the many substances in skin that helps maintain a healthy look and feel, defending against dryness and working to maintain skin's moisture level. Essentially, glycerin is a master at hydration, and works best when combined with other replenishing and emollient ingredients.
