---

 Best used at nighttime

- 
- Recovers skin collagen
  - Reduces wrinkles
  - Soothes and illuminates skin

15 ml | 0,5 fl.oz

GROUP  
FACE F | 4315

### PRODUCT

A gentle yet effective retinol serum to boost cell turnover and treat multiple signs of ageing. The retinyl palmitate increases the synthesis of collagen, reduces the wrinkles and is a great antioxidant. For skin that's radiating from within with a smooth texture and visibly reduced fine lines and wrinkles.

### BEAUTY BENEFITS

A serum specially developed for improving skin conditioning and antioxidant protection. It contributes to slowing down the ageing process by generating energy in the skin cells and protecting them against free radicals. Retinol helps reduce the formation of wrinkles and the negative effects of photo-ageing. It can also reduce the breakdown of collagen for a firmer and more elastic skin. This serum can be used to tone, regenerate and moisturize dry skin. It is a natural natural protector against solar radiation. It helps to prevent skin blemishes.

### APPLICATION

Apply 2-4 drops in the evening onto cleansed face and massage gently. Wait for the serum to fully absorb and follow with moisturizers and oil treatments to lock all the good stuff in and improve the effects of the serum. Keep away from direct solar exposure and use sun protection for better results. Do not combine with other retinoids or direct acids to avoid irritation.

### BOTANICAL ACTIVES

#### **Aloe vera (Aloe barbadensis):**

Aloe Vera is one of the most complete cosmetics actives. With the action of natural nutrients, minerals, vitamins, amino acids and enzymes it stimulates cell regeneration to repair damaged tissues. It is an excellent enhancer in protective preparations. It has revitalizing properties, moisturizing, soothing and refreshing actions.

#### **Vitamin A (Retinyl palmitate)**

Retinyl palmitate is a combination of retinol (pure vitamin A) and the fatty acid palmitic acid. It is known as the gold standard in the skincare industry as an ingredient for reducing the signs of premature skin ageing. It has the power to accelerate skin renewal, fade wrinkles, fine lines and dark spots, and create firmer, smoother and more even skin. In addition, retinol can also help reduce the appearance of acne by assisting in the prevention of pore blockages caused by dead skin cells.

#### **Vitamin E (Tocopherol):**

Vitamin E has many properties, but it stand out as being known as the vitamin of youth and beauty. It is an antioxidant that protect cells from all external aggression such as pollution, pesticides and stress, the main cause of premature aging. Vitamin E also contributes significantly to the production of energy.
