

## ANTI-POLLUTION SHIELD SPF30

UVA UVB POLLUTION BLUE LIGHT

hyaluronic acid – anti-pollution ferment complex® – raspberry seed oil

50 ml | 1.7 fl.oz

GROUP  
FACE F | 6250

### PRODUCT

Tone-perfecting, illuminating, anti-pollution UVA/UVB protection with Vit.E, hyaluronic acid and the anti-pollution ferment complex®. This SPF30 cream shields the skin from sun damage. Enriched with a hyperdose of antioxidants, the cream also defends the skin against environmental aggressors, such as pollution and stresses of urban life, which can damage and prematurely age skin. It works to prevent all types of sun damage, including dryness, wrinkles, pigmentation, dark spots and loss of volume. Mineral, chemical free sun filters, ocean & reef friendly, no nanoparticles.

### BEAUTY BENEFITS

This luxurious anti-pollution shield SPF30 protects the skin from premature ageing, caused by solar radiation and air pollution. It moisturizes and revives tired skin, offering a radiant and youthful appearance. Particularly recommended for tired, stressed skin with first signs of aging, discolorations, melasma, lines and wrinkles.

### APPLICATION

Apply an even thin layer to the face and neck after using the facial intensive hydrating cream. Massage in until completely absorbed. Thanks to its non-oily texture, the cream can be used before makeup to keep your skin safe, all day long.

Re-apply frequently and generously to maintain protection, especially after perspiring or towelling. Pro Tip: Hands are very exposed to pollutants and sun, and age easily, so don't forget to protect them too!

### BOTANICAL ACTIVES

**Anti-pollution ferment complex®:** Antipollution Ferment is obtained from the mixture of a ferment and plant extract. The ferment is obtained by high-quality yeasts culture, and developed to give nutrients, vitamins, aminoacids and enzymes to skin. The ferment stimulates collagen fibers synthesis and improves their stability. The plant extract contains Bacopa Monnieri, Lapsana Communis, Pichia Ferment and Moringa Oleifera.

- **Water hyssop or Brahmi (Bacopa Monnieri):** has several biological effects including free radical scavenging, vasodilatory and mast cell stabilizing activities.
- **Nipplewort (Lapsana communis):** appears to have an effect on reversing the cytotoxicity and pro-radical activity induced by the exhaust gases on the human keratinocytes
- **Pichia Ferment (Pichia Ferment Lysate):** provide anti-aging, inflammation reduction, promote firming and rebuilding of the structural integrity of the epidermis and ultimately improve the visible signs of aging.
- **Miracletree (Moringa Oleifera):** contains a profile of important nutrients and phytochemicals. It serves as a rich source of proteins, vitamins, antioxidants, flavonoids, phenolics, and minerals such as calcium, phosphorus, magnesium, potassium, sodium, sulfur, zinc, copper, manganese, iron, and selenium.

**Hyaluronic acid:** One of the main properties of hyaluronic acid, is its great ability to attract and retain water. Topical application allows rehydrate in depth the epidermis of the treated area; therefore, its appearance is smoother and, also, by increasing its thickness and volume, reduce skin furrows.

**Aloe vera (Aloe barbadensis) :** Aloe Vera is one of the most complete cosmetics actives. With the action of natural nutrients, minerals, vitamins, amino acids and enzymes it stimulates cell regeneration to repair damaged tissues. It is an excellent enhancer in protective preparations. It has revitalizing properties, moisturizing, soothing and refreshing actions.

**Avocado oil (Persea gratissima oil):** The beta carotene, protein, lecithin, fatty acids, and vitamins A, D, and E found in avocado oil help moisturize and protect your skin from damaging UV rays and also increase collagen metabolism.

**Raspberry seed oil (Rubus idaeus seed oil):** Raspberry seed oil is cold pressed from the seeds of Rubus idaeus. Raspberry seed oil contains extremely high amounts of essential fatty acids Omega 3 and Omega 6, up to 85%. The oil has exceptional concentrations of tocopherol (Vit.E) and phenols, which are powerful antioxidants. Raspberry oil improves the hydration and elasticity of the skin, it works to correct the signs of ageing and reduce oxidative stress. Laboratory test show that raspberry seed oil acts as a UV filter, absorbing harmful UV-A, UV-B and UV-C rays. Raspberry seed oil is great to use for the prevention of rash, eczema and other skin lesions, it also has anti-inflammatory properties.

**Clary Sage extract (Salvia Sclarea extract):** the extract from the clary sage plant (not to be confused with common sage leaf) has antioxidant properties. The main antioxidants in clary extract come from the seeds, and include vitamin E, lutein, and various carotenoids.

**Vitamin E (Tocopherol):** Vitamin E has many properties, but it stand out as being known as the vitamin of youth and beauty. It is an antioxidant that protect cells from all external aggression such as pollution, pesticides and stress, the main cause of premature aging. Vitamin E also contributes significantly to the production of energy.

**Jojoba oil (Simmondsia Chinensis):** Apart from its excellent emollient action that provides deep hydration and softness, it has a special feature that makes it essential for deep hydration of the comeum stratum because it creates a protective lipid layer non-fat, which provides a similar effectiveness to the mineral oil.

**Glycerin:** Glycerin is a skin-replenishing and skin-restoring ingredient, meaning it is a substance found naturally in skin, helping to establish normal balance and hydration. It's one of the many substances in skin that helps maintain a healthy look and feel, defending against dryness and working to maintain skin's moisture level. Essentially, glycerin is a master at hydration, and works best when combined with other replenishing and emollient ingredients.

**Bisabolol:** Bisabolol is the major active component of Chamomile. It has long been used in cosmetics for its anti-inflammatory, healing & soothing, and anti-microbial properties.

### INGREDIENTS

Aqua, Aloe barbadensis Leaf Juice\*\*, Caprylic/capric Triglyceride, Titanium Dioxide\*\*\*, Glycerin\*\*, Cetearyl Alcohol, Persea gratissima Oil, Rubus idaeus Seed Oil\*\*, Simmondsia chinensis Seed Oil\*\*, Bisabolol, Sodium Hyaluronate, Pichia Ferment Lysate Filtrate, Salvia sclarea Extract, Bacopa Monnieri Extract, Lapsana Communis Flower/Leaf/Stem Extract, Moringa Oleifera Seed Extract, Zea Mays Starch, Pelargonium graveolens Flower Oil\*, Aluminum Hydroxide, Stearic Acid, Cetearyl Oliviate, Cetearyl Glucoside, Glyceryl Caprylate, Sorbitan Oliviate, Xanthan Gum, Cetyl Palmitate, Sorbitan Palmitate, Tocopherol, Glyceryl Undecylenate, Sorbitan Oleate, Propanediol, Phytic Acid, Benzyl Alcohol, Potassium Sorbate, Sodium Benzoate, Citronellol\*, Geraniol\*, Linalool\*, Limonene\*, Citral\*.

\* from 100% natural essential oils / \*\* certified organic / \*\*\* no nanoparticles
